General Consent for Treatment

I have voluntarily presented for medical care and consent to such medical care and treatment including any diagnostic procedures and tests that the physician(s), his or her associates, assistants and other healthcare providers determine to be necessary. In the course of treatment, I understand and acknowledge that no warranty or guaranty has been or will be made as to the result or cure of treatment.

I consent to the taking of photographs or films related to the care and treatment and understand that such photographs or films may be made part of the medical record and/or used for internal purposes, such as performance improvement or education.

I have the legal right to consent to medical treatment because I am the patient or I am the parent/guardian of the patient. All references to "patient", "me" and "my" in this document means: _____ (name of patient).

Electronic Medical Record

We share medical records electronically with other health care providers to allow and promote continuity of care among providers. If you visit another provider who also participates in an electronic medical record system, they may have access to your medical record. If you do not want medical records shared with other providers please request and complete a Health Information Exchange Opt-out form.

Electronic Prescriptions (E-Prescribing)

I voluntarily authorize E-Prescribing for prescriptions, which allows health care providers to electronically transmit prescriptions to the pharmacy of my choice, review pharmacy benefit information and medication dispensing history as long as a physician/patient relationship exists.

Testing in Event of Healthcare Worker Exposure

I understand that in the event that a healthcare worker is accidentally exposed to the patient's blood or bodily fluids, or AIDS, pursuant to Texas law, I will be required to have blood tested to determine the presence of Hepatitis B or C surface antigen and/or Human Immunodeficiency Syndrome (HIV) antibodies. I understand that these tests are performed by withdrawing a small amount of blood and using substances to test the blood.

I acknowledge that these tests may, in some instances, indicate that a person has been exposed to these viruses when the person has not (false positive) or may fail to detect that a person has been exposed to these viruses when the person actually has been exposed (false negative). I understand that if any test is positive, I will receive counseling about the meaning of these tests as it relates to the herein-named patient's healthcare.

I understand that these test results will be kept confidential to the extent allowed by law and that unauthorized distribution of these test results is a criminal offense under state law.

Acknowledgments

I acknowledge that administrative data, demographic information and other health information describing patient care, services and outcomes are collected and used for healthcare operations, governmental and non-governmental reporting, and comparisons with other providers. In some instances, performance data is aggregated and reported per physician. In every instance, we make every reasonable effort to maintain patient and physician anonymity.

I acknowledge that I have received a Notice of Privacy Practices ("Notice"). The Notice explains how we may use and disclose the patient's protected health information for treatment, payment and health care operations purpose. "Protected health information" means the patient's personal health information found in the patient's medical and billing records. If you have questions about the Notice, please contact the Privacy Office at (832) 824-2091.

Advance Directive

The patient has an Advance Directive: Yes No

If yes, check all that apply: Directive to Physicians: Medical Power of Attorney: Out of Hospital DNR:

Please communicate the existence of any advance directive to your health care provider and provide copies for the medical record.

I have read this form or this form has been read to me in a language that I understand, and I have had an opportunity to ask questions about it.

Joint Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL AND BILLING INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Joint Notice of Privacy Practices applies to the privacy practices of professional staff, employees, volunteers, and Medical Staff for Texas Children's Hospital, Texas Children's Health Plan, Texas Children's Health Plan – The Center for Children and Women, Texas Children's Pediatrics, Texas Children's Urgent Care, Texas Children's Physician Services Organization, and Texas Children's Women's Specialists.

Under the Health Insurance Portability and Accountability Act ("HIPAA"), each of the Texas Children's entities named above may use and disclose your Protected Health Information ("PHI") to facilitate their own treatment, payment and operational activities relating to your care. The entities also participate in an Organized Healthcare Arrangement ("OHCA") under HIPAA, which allows them to share your PHI with and among each other in order to perform joint activities, such as utilization review, quality assessment/improvement and certain payment activities. This Joint Notice of Privacy Practices serves as the Notice of Privacy Practices for the Texas Children's OHCA and each of the Texas Children's entities individually.

Your Health Information Rights

When it comes to your health information, you have certain rights. This section explains your rights and some of our responsibilities to help you. Forms are available on our website, <http://www.texaschildrens.org>, or by contacting Texas Children's Privacy Office at (832) 824-2091.

- **A copy of this Notice.** You may ask for a paper copy of this notice at any time, even if you have agreed to receive the notice electronically. Paper copies of this notice may be obtained from any registration or admissions desk. You may obtain an electronic copy of this notice on our web site, <http://www.texaschildrens.org>.
- **Get an electronic or paper copy of your medical record or health and claims record.** You may ask to see or get an electronic or paper copy of your medical record or health and claims records and other health information we have about you. Texas Children's may charge you a reasonable, cost-based fee for copying your information. You must make this request in writing.
- **Ask us to correct your medical record or your health and claims records.** You may ask us to correct your health information or health and claims records if you think they are incorrect or incomplete. We may say "no" to your request, but we'll tell you why in writing within 60 days. You must make your request in writing and you must provide a reason for the request.
- **Ask us to limit what we use or share.** You may ask us not to use or share certain health information for treatment, payment, or our operations. If you personally pay in full for an item or service or someone other than your health plan pays in full for the item or service on your behalf, you may ask us not to share that information for the purpose of payment or our operations with your health insurer. We will say "yes" if you have already paid in full for the item or service unless a law requires us to share that information. Otherwise, we are not required to agree to your request, and we may say "no" if it would affect your care.
- **Request confidential communications.** You may ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. Texas Children's Health Plan will consider all reasonable requests, and must say "yes" if you tell us you would be in danger if we do not. Except for Texas Children's Health Plan, we will say "yes" to all reasonable requests. You must make this request in writing and you must tell us how or where you wish to be contacted.
- **Get a list of those with whom we've shared information.** You may ask for a list (accounting) of the times we've shared your health information, who we shared it with, and why. We will include all the disclosures except for those about treatment, payment, or health care operations, or certain other disclosures (such as any you asked us to make). We will include each disclosure we made for the past six (6) years, unless you request a shorter time period. We will provide one accounting a year for free but will charge you a reasonable, cost-based fee if you ask for another one within 12 months.

- **Choose someone to act for you.** If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information. We will make sure the person has this authority and can act for you before we take any action.
- **File a complaint if you feel your rights are violated.** You may complain if you feel we have violated your rights by contacting the Texas Children's Family Advocacy Office at (832) 824-1919. You may also file a complaint with the United States Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Avenue, S.W., Washington, D.C. 20201, calling 1-877-696-6775, or visiting www.hhs.gov/ocr/privacy/hipaa/complaints/. *You will not be penalized or retaliated against in any way for filing a complaint.* We will not require you to waive your right to file a complaint as a condition of the provision of treatment, payment, enrollment in a health plan, or eligibility for benefits.

Your Choices

For certain health information, you can tell us your choices about what we share. If you have a clear preference for how we share your information in the situations described below, talk to us. Tell us what you want us to do, and we will follow your instructions.

In these cases, you have both the right and choice to tell us to:

- Share information with your family, close friends, or others involved in your care;
- Share information in a disaster relief situation; or
- Include your information in a hospital directory.

If you are not able to tell us your preference, for example if you are unconscious, we may share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.

In the case of fundraising: We may use certain portions of your PHI, including your name, address, phone number, email address, age, gender, date of birth, the dates you received treatment or services at Texas Children's, department(s) of service, treating physician(s), outcome information, and health insurance status to contact you for fundraising efforts to support hospital programs and operations. You can choose not to receive these communications. If you do not want Texas Children's to contact you about a contribution or fundraising program, please contact the Development Office at optout@texaschildrens.org.

In these cases we never share your information unless you give us written permission:

- Most sharing of psychotherapy notes, which are kept separate from the rest of your medical record; and
- Marketing purposes.

Our Uses and Disclosures

How do we typically use or share your health information? We typically use or share your health information in the following ways.

- **Treat you.** We may use your health information and share it with other professionals who are treating you. We may share your health information with doctors, nurses, technicians, medical students, or other members of your health care team at Texas Children's to keep them informed about your care status or condition as necessary. For example, a doctor treating you for diabetes may need to tell a dietitian that you have diabetes so appropriate meals can be arranged. We also may share your health information with people outside Texas Children's who may be involved in your medical care, such as health care providers who will provide follow-up care after hospitalization, physical therapy organizations, medical equipment suppliers, laboratories, or pharmacies (verbal or electronic). We share medical records electronically with other health care providers. If you visit another provider who uses the same electronic medical record as Texas Children's, they may have access to your medical record.
- **Payment.** We may use and share your health information to bill and get payment from your insurance company or a third party. For example, we may need to provide your health plan with information about treatment you received for an ear infection so that your health plan will pay us or reimburse you for the treatment. Also, we may share your health information with your other health care providers to assist those providers in obtaining payment from your insurance company or a third party. Texas Children's Health Plan may use and share your health information as they pay for your services.
- **Run our organization.** We may use and share your health information to run our organization, improve your care, and contact you when necessary. For example, we use health information about you to manage your treatment and services or improve our services. We can also share your health information in a limited data set, which excludes

some identifying information. Texas Children's Health Plan is not allowed to use genetic information to decide whether to give you coverage or to decide the price of the coverage.

- **Business Associates.** We may share your health information with our business associates for any of the purposes listed above.
- **Electronic.** We may share your information electronically.

How else can we use or share your health information? We are allowed or required to share your information in other ways – usually in ways that contribute to the public good, such as public health and research. We have to meet many conditions in the law before we can share your information for these purposes. For more information see: www.hhs.gov/ocr/privacy/hipaa/understanding/consumers/index.html.

- **Help with public health and safety issues.** We may share health information about you for certain situations such as: preventing disease; helping with product recalls; reporting births and deaths; reporting suspected abuse, neglect, or domestic violence; reporting reactions to medications or product problems; or preventing or reducing a serious threat to anyone's health or safety. We may share portions of your health information with local, state, and/or federal registry programs as required. We may share your health information for these activities in a limited data set, which excludes some identifying information.
- **Do research.** We may use or share your information for health research. We may share your health information for these activities in a limited data set, which excludes some identifying information.
- **Comply with the law.** We will share information about you if state or federal laws require it, including with the Department of Health and Human Services if it wants to ensure we're complying with federal privacy law.
- **Respond to organ and tissue donation requests.** We may share health information about you with organ procurement organizations.
- **Work with a medical Examiner or funeral director.** We may share health information with a coroner, medical examiner, or funeral director when an individual dies.
- **Address workers' compensation, law enforcement, and other government requests.** We may use or share health information about you: for workers' compensation claims; for law enforcement purposes or with a law enforcement official or correctional institution; with health oversight agencies for activities authorized by law; or for special government functions, such as military, national security, and presidential protective services.
- **Respond to lawsuits and legal actions.** We may share health information about you in response to a court or administrative order, or in response to a subpoena.
- **Schools (including Child-Care Facilities, Early Childhood Programs, Primary and Secondary Schools).** We may share your immunization records with a school with a verbal authorization sometimes.

Texas Children's Responsibilities

We are required by law to maintain the privacy and security of your oral, written, and electronic PHI. Texas Children's maintains policies and procedures intended to protect PHI maintained by Texas Children's in any form. Workforce members with access to your PHI receive privacy training which covers the how PHI can be used and disclosed and actions they must take to safeguard your information. Our computer systems protect your electronic PHI at all times. We will let you know promptly if an incident occurs that may have compromised the privacy or security of your information. We will not sell your information. We must follow the duties and privacy practices described in this notice and give you a copy of it. We will not use or share your information other than as described here unless you tell us we can in writing. If you tell us we can, you may change your mind at any time. Let us know in writing if you change your mind. An Authorization form and Revocation of Authorization form are available on our website, <http://www.texaschildrens.org>, or by contacting the Texas Children's Privacy Office at (832) 824-2091.

Changes to This Notice

We can change the terms of this notice, and the changes will apply to all information we have about you. The new notice will be available upon request, in our office and on our website at <http://www.texaschildrens.org>. This notice is effective April 1, 2016.

Contact

If you have any questions about this Notice or your privacy rights, or wish to obtain a form to exercise your rights as described above, you may contact Texas Children's Privacy Office at (832) 824-2091.

**Texas Vaccines for Children Program
Patient Eligibility Screening Record**

A record of all children 18 years of age or younger who receive immunizations through the Texas Vaccines for Children (TVFC) Program must be kept in the health care provider's office for a minimum of five (5) years. The record may be completed by the parent, guardian, individual of record, or by the health care provider. TVFC eligibility screening and documentation of eligibility status must take place with each immunization visit to ensure eligibility status for the program. While verification of responses is not required, it is necessary to retain this or a similar record for each child receiving vaccines under the TVFC Program.

1. Child's Name: _____
Last Name
First Name

2. Child's Date of Birth: ____ / ____ / ____

3. Parent, Guardian, or Individual of Record: _____
Last Name
First Name
MI

4. Primary Provider's Name: TCP Town & Country @ West Campus
Last Name
First Name

5. To determine if a child (0 through 18 years of age) is eligible to receive federal vaccine through the TVFC Program, at each immunization encounter or visit, enter the date and mark the appropriate eligibility category. If Column A - F is marked, the child is eligible for the TVFC Program. If column G is marked the child is not eligible for federal VFC vaccine.

	Eligible for VFC Vaccine				State Eligible		Not Eligible
	A	B	C	D	E	F	G
Date	Medicaid Enrolled	No Health Insurance	American Indian or Alaskan Native	*Underinsured served by FQHC, RHC, or deputized provider	** Other underinsured	*** Enrolled in CHIP	Has health insurance that covers vaccines

*Underinsured includes children with health insurance that does not include vaccines or only covers specific vaccine types. Children are only eligible for vaccines that are not covered by insurance. In addition, to receive VFC vaccine, underinsured children must be vaccinated through a Federally Qualified Health Center (FQHC), a Rural Health Clinic (RHC), or under an approved deputized provider. The deputized provider must have a written agreement with an FQHC or an RHC and the state, local, or territorial immunization program in order to vaccinate underinsured children.

** Other underinsured are children that are underinsured but are not eligible to receive federal vaccine through the TVFC Program because the provider or facility is not an FQHC or an RHC, or a deputized provider. However, these children may be served if vaccines are provided by the state program to cover these non-TVFC eligible children.

*** Children enrolled in separate state Children's Health Insurance Program (CHIP). These children are considered insured and are not eligible for vaccines through the VFC Program. Each state provides specific guidance on how CHIP vaccine is purchased and administered through participating providers.

Check-up Schedule Recommendations

This schedule is based on the Bright Futures/American Academy of Pediatrics 2008 recommendations.

Please note that the number of well checks covered per year by your health insurance plan is based upon the particular benefit plan, which varies by employer. Typically, insurance carriers that cover well care will follow the American Academy of Pediatrics' guidance on the number of recommended visits per year. You are responsible for verifying your insurance coverage for these visits. If you have questions about your specific coverage, please call your insurance provider.

We will offer immunizations at the appropriate visits within this schedule based on your child's individual history and his/her specific needs.

Age	Reason
3 to 5 days	
7 to 14 days	Needed to collect Texas newborn screen blood test #2 and to evaluate feeding status and weight gain.
2 months	
4 months	
6 months	
9 months	
12 months (1 year)	
15 months	
18 months	
24 months (2 years)	
30 months	

From age 3 years to 21 years, it is suggested that your child receive an annual well check.

The allowable time interval between visits is determined by your individual insurance plan.

If you have questions, please call your insurance plan to verify your coverage.

Texas Children's[®] Pediatrics

Well Child Exam

Your child(ren) is/are scheduled for a well-child exam which allows the doctor to evaluate the health of your child and provide the right screening, vaccines, and services for his/her age.

Below is information on what is included in a preventative exam:

Well Child Exams

These are periodic health screening exams

Services covered will depend on your insurance plan, but usually a copay is not required.

Well Child Exams Include:

- * Vital signs
- * Health history
- * Physical exam
- * Preventative laboratory
- * Vaccines
- * Developmental assessment based on the age of the child
- * Anticipatory guidance

Office Visits

If your doctor addresses any of the following during the well child exam, it may be considered part of the well child exam:

- * Existing chronic problems such as ADHD/ADD, diabetes, asthma, etc.
- * Any new illnesses, conditions or concerns
- * Medications and refills

If any of the above services are addressed during the well child exam, an office visit may be billed in addition to the well child exam, This may result in additional charges, copays or deductibles, depending on your individual insurance plan.
